

\$15,000 Truck Savings

Rebates to buy 2007 or newer trucks Join the waiting list today

Trade-in your older truck to get \$15,000 off a newer truck

The Green Operator program provides a rebate of \$15,000 to drivers who service the Port of Virginia when they replace an older vehicle with a 2007 or newer truck.

Meadowbrook Leasing simplifies the rebate process

Meadowbrook will help owners who service the Port fill out and submit all GO forms, verify their eligibility, get on the GO waiting list, track the rebate application and even provide financing for their replacement truck.

When rebate funds become available, they will be distributed on a first come, first serve basis. These funds will be very limited so don't delay and fill out the GO rebate application to reserve a spot on the Green Operator waiting list today!

Save \$15,000 in just 10 minutes by following these three steps

- 1** Complete the Green Operator Rebate Application. Only fill in the boxes with arrows. It is not necessary at this time to describe the specific truck to purchase (section 3) or selling dealer (section 4).
- 2** Complete the Credit Application.
- 3** Fax the 3 completed pages to Meadowbrook at 866-526-2258 to reserve your place on the official GO waiting list and get approved to finance a 2007 or newer truck.*

Questions? Contact Meadowbrook's Green Operator hotline at 866-826-2258

*Meadowbrook will submit your Rebate Application to the Mid-Atlantic Regional Air Management Association (MARAMA). MARAMA confirms receipt of Applications within 10 business days. It is not fully executed until accepted and signed by MARAMA. Meadowbrook makes most credit decisions within 24 hours of application receipt.

| Name: --> |
| Title: --> |
| Signature: --> _____ |
| (Note: Original signature required.) |
| Date: --> |

A special thanks to our funding partners

The Green Operators Program developed from a Virginia Port Authority pilot program that provided trucking companies with low-cost financing to purchase diesel trucks with more emission-efficient engines or rebates to retrofit older models for efficiency. The Virginia Department of Environmental Quality, through grants from the US Environmental Protection Agency's National Clean Diesel Campaign Program and the American Recovery and Reinvestment Act, has committed funding to expand the programs reach and impact.
